

We are looking for: ISO, SOC, NIST Consultant (m/f/d)

To enlarge our team, we are looking for SOC/NIST/ISO Consultants. You support an existing team, identify necessary measures with customers and help them implement the necessary controls to prepare audits. We have international customers, so you can work in an interesting environment and constantly expand your knowledge.

To do this, you will perform the following tasks:

- Analysis of existing security controls at our customers
- Comparison with requirements from NIST (800-53), ISO 27001, 27701, SOC
- Create an action plan
- Support in implementation
- Preparation of internal and external audits

What you bring:

- Very good MS Office knowledge
- Basic knowledge in IT security
- Knowledge of NIST, ISO 27001, 27701, SOC I/II
- Experience in project management
- Experience in creating project reports

Softskills:

- Sovereign appearance in front of customers
- Working in a team
- Willingness to travel within Germany and the joy of customer contact
- Negotiateable German/English skills

What do we offer?

The e2 Security has a lean management level that has an open ear for everyone. The appreciation of all employees is particularly important here. Heart and humour are common companions in our daily work. We also offer you

- flexible working time models,
- good pay for your work,
- a job ticket and tickets for specialist conferences,
- Employee meetings and training

There is room for your creativity! Have we aroused your interest?

Required application documents: CV, cover letter with salary expectations and earliest possible start date, all relevant academic work certificates.
