

We are looking for: Networkadministrator (m/f/d)

Are you happy to be responsible for the LAN/WAN networks in companies? Config, admin and maintenance of networks and security protocols as well as firewalls are among your strengths? If so, we are looking for exactly YOU! Apply now with us!

Who are we looking for?

Network administrator focused on IT security. Your tasks include:

- TCP/IP Network and Service Administration for LAN / WAN
- Administration of Linux and Windows-based client/server systems (hardware and software)
- IT system integration and IT lab management for testing
- Monitoring, maintenance, and documentation

Our customer base includes medium-sized companies up to large international companies. e2 Security offers an ever-growing field of services in IT security consulting and is a trusted partner for internationally operating companies. We offer good development & promotion opportunities.

We are working on the pulse of the times - technological progress is helped by us. That's why we want to translate your ideas quickly and easily into new products and services.

What do you bring with you?

We appreciate a serene working atmosphere, which leaves time for professional and private exchange with colleagues. Teamwork is our priority – we are nerds, but not lone fighters.

Your qualifications:

Soft Skills:

- Fun working flexibly in projects
- Affinity for current developments in IT technology
- Creative will and creativity in dealing with new topics
- Willingness to travel within Germany and the joy of customer contact
- German and English skills in word and writing
- Teamwork

Hard Skills:

- Completed IT studies or comparable training with professional experience
- Experience in information security or a related profession
- Experience in configuring and operating small and large computer networks on Linux and Windows
- Routing & Switching
- WAN, LAN, Wi-Fi
- Firewall knowledge (F5, Checkpoint, Palo Alto.)
- Vulnerability Management

Location: Cologne & Rüsselsheim (as well as nationwide).

What do we offer?

The e2 Security has a lean management level that has an open ear for everyone. The appreciation of all employees is particularly important here. Heart and humor are common companions in our daily work.

- Flexible working time models
- Good pay for your work
- Job tickets and tickets for specialist conferences are taken over by us.
- A team that grows must also grow together. If necessary, we devote ourselves to this daily in employee meetings or scrums. We also host team building events every 6 months.

There is room for your creativity! Have we aroused your interest? Then apply and send us a short cover letter with CV, earliest possible entry date and your salary presentation.
